

Northeast Iowa Community College

Dairy Science Student Profile

Name: Chelsey Jensen
Hometown: Amery, Wisconsin
High School: Amery High School
Class Size: 10
Farm Name: Golden J Guernseys
Major: Dairy Science

Why did you decide to attend NICC? I decided to attend NICC for the hands on experiences you get working with cattle. It's one of the best two year programs for dairy.

What has been your most memorable college experience? My most memorable college experience has been being a member of the Dairy Judging team and judging at World Dairy Expo. It was exciting when the team was named national champions and I'm very excited to travel to Fort Worth, Texas and Scotland this summer.

What has been your favorite course? Animal Health

What are your future career goals? My future career goal is to come back to the family farm and expand; currently we are milking 75 cows in tie stalls. Our farm is primarily Registered Guernseys and a few commercial Jerseys. I eventually plan on owning the family farm.
